## Making an Impact

At **The Main Event**, our focus is on providing high impact, cost effective décor that supports your corporate messaging goals. Whether you are looking to punctuate a sales meeting or win the Best Stand Award at your next trade show,

we have a unique combination of décor and special effects that will ensure that your breaking news is heard without breaking your budget.

Our non-Pyrotechnic special effects are completely safe, require no special permits and provide an awesome focal point to your event. Whether you want to get your team up on their feet with a dramatic balloon drop, or introduce a new product with a bang as an exploding balloon wall vanishes to reveal your latest innovation, our professional event décor and effects team can tailor a solution that delivers your vision. Of course, our use of exclusively non-pyrotechnic effects means that you can make an impact on your audience without impacting your budget.

### **Professional Service**

At **The Main Event**, we focus on providing the level of service and professionalism which you expect from your suppliers. From our commitment to quality service, to our use of only the highest quality products, our professional staff is focused on your satisfaction. Led by a Certified Balloon Artist® (CBA®), our staff is made up of motivated, customer focused, individuals.

### **Stress Free**

Event day is always a stressful, and hectic time. Our exclusive, proprietary approach to balloon decorating enables us to pre-build all but the most elaborate effects off-site in advance of your event. When your venue becomes available, we are focused on installing your pre-built décor and effects, minimizing the amount of time that we are on-site, maximizing the impact of

the effect and ensuring that everything is in place and ready to go when your guests arrive.

### **Big and Small**

Whether you are holding a small gathering in a cozy restaurant, or a blowout extravaganza in a stadium, we have the décor, and effects, to provide maximum impact at minimum cost.

Give us a call before your next event and see how we can make your event ...
